Answer the questions below clearly and briefly. Use 12-point font; do not exceed two pages. You may allot different amounts of space to each question but stay within two pages including this one. The application below is part one of a two-part process. If your organization is selected as a grant finalist, you will be invited to a Southern Harford County Rotary meeting to briefly explain your proposal.

1. The problem for southern Harford County children _____ wishes to address is

(Hint: If you are asking for operating funds, you must demonstrate that giving your organization funds will help children. Use statistics to support the extent of the problem if available!)

2. In order to solve the problem in number 1 above, _____ will take the following steps:

(Hint: though it is often easiest to explain a plan sequentially, if this does not work you, use a method that does.)

3. After our program is complete, the lives of southern Harford County children will be improved as follows: complete the sentence(s). (Hint: Select 3 – 5 improvements. It is easiest to speak of how many children (and their parents if applicable) you anticipate helping, how many sessions you anticipate holding, how many activities you anticipate will be completed, how many volunteers will be used, etc. Do not say you will do things you will not be able to substantiate.)

4. R40K is requesting _____. All applicable categories are checked below.
